

January 2021 Public Utilities report.

A. Water

1. Control panel has been successfully updated.
2. 1 water meter is left to be installed.

B. Wastewater

1. Annuals have been done on lift stations. Lift stations look like they are in good shape. Except the lift station on Scharf. The wood that is holding the control panel up is deteriorating fast. In the spring we will have to purchase a pedestal to put control panel on. No estimate currently.

C. Parks

1. We are attempting to keep trail open from park to town.
2. The posts that Matt and I installed in front of walking bridge access point seems to be detouring snowmobiles from crossing bridge.

D. Streets

1. Talked with Ottertail County Supervisor Christy to check our agreement on Main Street About snow removal. She said we are doing what we had agreed on. Also, we have been doing an awesome job.
 - a. Our agreement with Ottertail county on snow removal, is we have snow removed on main street by 0700 after a snow event. They pay us for that. Only removal of snow. It is a county road. They are responsible for plowing it during a snow event.

E. Other

1. Would like a credit card. We can find parts on the internet that we need to pay with a credit card.
2. Webmail, Still having problems with email. I have been having problems with email for long time.
