WELLS ~ PUMPS
SALES ~ SERVICE

Since 1893

December 8, 2021

Mike DuFrane
City of Vergas
PO Box 32
Vergas, MN

Dear Mike,

We at Thein Well Company are pleased to provide you with an estimate to pull and inspect your well pumps. I understand that there is a considerable "bang or thud" when the wells start up, this could possibly be due to air coming in from the wells, a result of a faulty check valve or hole in the pipe.

Below is an estimate for pulling and inspecting the pump. We would intend to bring drop pipe, check valves, and other miscellaneous fittings with and only replace as needed and after approval.

ITEM	UNIT	QUANTITY	UNIT PRICE	TOTAL
Equipment and Labor to pull & re-install pump	EA	1	4,050	\$ 4,050.00
4" Check Valve	EA	1	599	\$ 599.00
4" Black Steel Drop Pipe (21' LENGTHS)	FT	105	31.5	\$ 3,307.50
4" Nipple	EA	1	80	\$ 80.00
4 x 3 Swage Nipple	EA	1	115	\$ 115.00
Miscellaneous (tape, pipe wrap, chlorine, etc.)	LS	1	100	\$ 100.00
Estimated total per Well				\$8,251.50

*Invoice to reflect actual quantities and materials used.

If you choose to pull both pumps in the same trip a savings of \$650.00.
Price valid for 30 days.

If you have any questions, or if there is anything else that I can help with please feel free to contact me at (800)450-8000 or via email zack@theinwell.com at your convenience.

Best Regards,

Zack Thein
