INDEPENDENT AUDITOR'S REPORT

City Council
City of Vergas

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the City of Vergas, Minnesota, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City of Vergas's basic financial statements as listed in the table of contents.

Qualified Opinion

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion on Governmental Activities" paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the City of Vergas, as of December 31, 2021, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and each major fund of the City of Vergas, Minnesota, as of December 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Qualified Opinion on Governmental Activities

Management has not adopted the provisions of Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* for the Fire Relief Association. Accounting principles generally accepted in the United States of America require that GASB Statement No. 68 be adopted for governmental activities, including Fire Relief Associations. The amount by which this departure would affect the assets, net position, and revenues of the governmental activities has not been determined.

Basis for Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Vergas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that raise substantial doubt about the City of Vergas's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Vergas's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used in the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered that raise substantial doubt about the City of Vergas's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified in our audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the budgetary comparison information on pages 46-47, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and other schedules, as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2022 on our consideration of the City of Vergas's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Vergas's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Vergas's internal control over financial reporting and compliance.

A handwritten signature in blue ink that reads "Hoffman, Philipp, & Martell".

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Unaudited)

The management of the City of Vergas offers readers of the City's Financial Statements this narrative overview and analysis of the financial activities of the City of Vergas for the fiscal year ended December 31, 2021. The Management's Discussion and Analysis provides comparisons with the previous year and is designed to focus on the current year's activities, resulting changes, and currently known facts, and should be read in conjunction with the City's basic financial statements that follow this section.

FINANCIAL HIGHLIGHTS

The total net position of governmental activities is \$2,158,312, of which \$992,220 is the net investment in capital assets, \$320,626 is restricted for debt service and economic development, and \$845,466 is unrestricted. The total net position of governmental activities increased by \$220,573 for the year ended December 31, 2021. This is attributed primarily to the delay of large projects pending completion of the Comprehensive Plan.

The total net position of business-type activities is \$1,543,633, of which \$1,189,296 is the net investment in capital assets, and \$354,337 is unrestricted. The total net position of business-type activities increased by \$33,088 in 2021, primarily as a result of positive operating income in all three funds, and an adjustment for prior year overstated accounts payable.

At the close of 2021, the City's governmental funds reported combined ending fund balances of \$602,123, an increase of \$157,644 over the prior year. Of the total fund balance amount, \$320,626 is legally or contractually restricted, \$110,767 is formally committed for specific purposes, and \$170,730 is noted as the unassigned fund balance in the General Fund. Maintaining an adequate fund balance is necessary to provide City services throughout the year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector businesses. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The *Statement of Net Position* presents information on all of the City's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

In the *Statement of Net Position* and the *Statement of Activities*, we divide the City into two kinds of activities:

- **Governmental activities**—Most of the City's basic services are reported here, including general government, public safety, highways and streets, sanitation, culture and recreation, and economic development. Property taxes and intergovernmental revenues finance most of these activities.
- **Business-type activities**—The City charges fees to cover the costs of certain services it provides. Included here are the operations of the liquor store and the utilities – sewer and water.

The government-wide financial statements can be found as Exhibits 1 and 2 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Vergas, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, fund-level financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. Both the *Balance Sheet – Governmental Funds* and the *Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds* provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The City reports three governmental fund types: General, Special Revenue, and Debt Service. Information is presented separately in the *Governmental Funds Balance Sheet* and in the *Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances* for the General Fund, the 2006 Street Project Debt Service Fund, and the 2019 Street Project Debt Service Fund, all of which are considered to be major funds. Data for the Nonmajor Vergas EDA Special Revenue Fund is also presented with the major funds.

The City of Vergas adopts an annual budget for its General Fund. A *Budgetary Comparison Schedule* has been provided for this fund to demonstrate compliance with its budget.

Proprietary Funds The City of Vergas maintains three proprietary funds. 1) The Liquor Enterprise Fund is used to account for the City's liquor store. Financing is provided through the liquor store's sale of off-sale liquor. 2) The Sewer Enterprise Fund is used to account for the operations of the City's sewer system.

Financing is provided by charges to residents for services. 3) The Water Enterprise Fund is used to account for the operations of the City's water system. Financing is provided by charges to residents for services. Proprietary funds provide the same type of information as the government-wide financial statements, and are included in the *Statement of Net Position* and the *Statement of Activities* as business-type activities. All of the enterprise funds are considered to be major funds.

Notes to the Financial Statements

The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found beginning on page 25 of this report.

Other information—In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*. The City also provides other information including a *Schedule of Intergovernmental Revenue*.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Over time, net position serves as a useful indicator of the City's financial position. The City's assets exceeded liabilities by \$3,701,945 at the close of 2021. The largest portion of the City's net position (approximately 59 percent) reflects its net investment in capital assets (i.e., land, construction in progress, infrastructure, buildings and improvements, and machinery and equipment). It should be noted that this amount is not available for future spending. Approximately 12 percent of the City's net position is restricted for debt service and economic development, and 29 percent of the City's net position is unrestricted. The unrestricted net position amount of \$1,073,182 as of December 31, 2021, may be used to meet the City's ongoing obligations to citizens.

The City's overall financial position increased from last year. Total assets increased by \$50,608, and total liabilities decreased by \$240,838 from the prior year. Deferred outflows related to pensions increased by \$75,853, and deferred inflows of resources related to pensions increased by \$113,638, resulting in an increased net position of \$253,661 from the prior year. This increase was primarily due to capital grants and contributions used to purchase capital and infrastructure.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements, with a focus on short-term inflows, outflows, and balances of spendable resources. In particular, unrestricted fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

Governmental Funds

At the end of 2021, the City's governmental funds reported combined ending fund balances of \$602,123. 53 percent constitutes the restricted fund balance, 19 percent constitutes formally committed fund balance, and 28 percent constitutes unassigned fund balance.

The General Fund is the operating fund of the City. At the end of the current fiscal year, the General Fund's total fund balance was \$281,756. The General Fund's restricted fund balance was \$17,148, the committed fund balance was \$93,878, and the unassigned fund balance was \$170,730. As a measure of the General Fund's liquidity, it is useful to compare total fund balance to total fund expenditures for 2021. Total fund balance represents 35 percent of total General Fund expenditures.

In 2021, the fund balance amount in the General Fund increased by \$101,839, primarily as a result of the receipt of Small Cities Assistance and postponement of budgeted capital outlay.

The fund balance of the 2006 Street Project Debt Service Fund decreased by \$7,785 from the prior year, primarily as a result of payments on debt.

The fund balance of the 2019 Street Project Debt Service Fund increased by \$48,071, primarily as a result of taxes and special assessments collected in excess of current year debt payments.

The fund balance of the nonmajor Vergas Economic Development Authority (EDA) Special Revenue Fund increased by \$15,519, primarily as a result of grants from the West Central Initiative Fund for the pickleball courts.

Proprietary Funds

The Liquor Enterprise Fund reported an operating income in 2021 of \$62,943, resulting from profits from sales in excess of expenses.

In 2021, the Sewer Enterprise Fund reported an operating income of \$6,727, and the Water Enterprise Fund reported an operating income of \$6,389, indicating they are collecting for services at a rate exceeding cost.

GENERAL FUND BUDGETARY HIGHLIGHTS

The City of Vergas had no budgetary amendments in 2021.

Actual revenues were more than overall final budgeted revenues by \$143,327, with the largest positive variances in intergovernmental and miscellaneous. Actual expenditures were more than overall final budgeted expenditures by \$63,488, with the largest negative variances in general government, public safety, culture and recreation, and debt service.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of December 31, 2021, amounted to \$3,337,516 (net of accumulated depreciation). The total decrease in the City's investment in capital assets for the current fiscal year was approximately 3 percent. This decrease was primarily due to depreciation expense.

Additional information on the City's capital assets can be found in the notes to the financial statements.

Long-Term Debt

At the end of the current fiscal year, the City had total debt outstanding of \$1,155,525 which is backed by the full faith and credit of the government.

Minnesota Statutes limit the amount of debt that the City may have to three percent of its total market value, excluding revenue bonds. At the end of 2021, overall debt of the City is below the three percent debt limit.

Additional information on the City's long-term debt can be found in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

- The City depends on financial resources flowing from, or associated with, both the Federal Government and the State of Minnesota. Because of this dependency, the City is subject to changes in specific flows of intergovernmental revenues based on modifications to Federal and State laws and

Federal and State appropriations. It is also subject to changes in investment earnings and asset values associated with U.S. Treasury Securities because of actions by foreign governments and other holders of publicly held U.S. Treasury Securities.

- The City is adjusting to the ongoing impacts of the worldwide Coronavirus pandemic. The American Rescue Plan (ARP) funding was passed by Congress into law on March 11, 2021. The City has budgeted to use the ARP funds to respond to public health emergency needs, serve the hardest hit communities and address inequities, address negative economic impacts, and improve access to water and broadband infrastructure.
- Specific unemployment statistics for the City of Vergas are not available. However, according to the Minnesota Department of Employment & Economic Development, the unemployment rate for Otter Tail County was 3.3 percent as of December 31, 2021. This is higher than the statewide rate of 2.6 percent and lower than the national average rate of 3.7 percent.
- The 2021 population of Vergas according to the League of Minnesota Cities was 348, an increase of 33 since the 2020 census of 315.
- On December 14, 2021, the City of Vergas set its 2022 revenue and expenditure budgets.

REQUESTS FOR INFORMATION

This annual financial report is designed to provide a general overview of the City of Vergas for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Vergas Clerk-Treasurer, City Hall, P.O. Box 32, Vergas, Minnesota 56587.

**RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET TO
THE STATEMENT OF NET POSITION--GOVERNMENTAL ACTIVITIES
DECEMBER 31, 2021**

Fund balances - total governmental funds (Exhibit 3)	\$ 602,123
---	-------------------

Amounts reported for governmental activities in the
Statement of Net Position are different because:

Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.	2,108,220
---	-----------

Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the governmental funds.	565,045
--	---------

Long-term liabilities are not due and payable in the current period and,
therefore, are not reported in the governmental funds.

Compensated absences payable	\$ (1,001)	
General obligation bonds payable	(1,116,000)	
Unamortized discount on bonds payable	18,090	(1,098,911)

Net pension asset, net pension liability and related inflows/outflows of resources
represent the allocation of the pension obligations of the statewide plans to the City.
Such balances are not reported in the governmental funds:

Net pension liability	\$ (13,274)	
Deferred outflows related to pensions	34,534	
Deferred inflows related to pensions	(39,425)	(18,165)

Net position of governmental activities (Exhibit 1)	<u><u>\$ 2,158,312</u></u>

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES--GOVERNMENTAL ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2021**

Net change in fund balances - total governmental funds (Exhibit 5)	\$	157,644
---	-----------	----------------

Amounts reported for governmental activities in the
Statement of Activities are different because:

Governmental funds report capital outlay as expenditures. However, in
the Statement of Activities, the cost of those assets is allocated over
their estimated useful lives and reported as depreciation expense.

Purchase of capital assets	\$ 32,068	
Current year depreciation	(70,051)	(37,983)

Revenues in the Statement of Activities that do not provide current
financial resources are not reported as revenues in the governmental funds.

Change in		
Taxes receivable	\$ 3,426	
Special assessments receivable	(33,937)	(30,511)

The issuance of long-term debt provides current financial resources to governmental
funds, but increases long-term liabilities in the Statement of Net Position, while the
repayment of the principal of long-term debt consumes the current financial resources
of governmental funds. Neither transaction has any effect on net position.

Principal repayment		102,125
---------------------	--	---------

Some expenses reported in the Statement of Activities do not require the
use of current financial resources and, therefore, are not reported as
expenditures in governmental funds.

Change in compensated absences payable	\$ (22)	
Amortization of bond discount	(952)	
Deferred outflows of resources related to pensions	24,273	
Net pension liability	42,363	
Deferred inflows of resources related to pensions	(36,364)	29,298

Change in net position of governmental activities (Exhibit 2)	\$	<u>220,573</u>

CITY OF VERGAS VERGAS, MINNESOTA

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2021

I. Summary of Significant Accounting Policies

The City's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), except as described in the basis for qualified opinion on page 2. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the City are discussed below.

A. Financial Reporting Entity

The Charter of the City of Vergas was adopted on November 10, 1903, and has the powers, duties, and privileges granted by state law, codified in Minnesota Statutes, Chapter 412. The City operates under a Mayor-Council form of government and provides services such as general government, public safety, highways and streets, sanitation, culture and recreation, economic development, municipal liquor store, and sewer and water utilities as authorized by its charter.

The Vergas Fire Relief Association is organized to provide pension and other benefits to its members in accordance with Minnesota statutes. The Relief Association is a defined benefit plan type, and is required by GASB Pronouncement No. 68 to be included in the financial statements of the City.

Blended Component Unit

The Vergas Economic Development Authority was created in 2015 and is reported as a nonmajor Special Revenue Fund within the City's financial statements. The Authority's Board of Directors includes two members of the Vergas City Council, with the City Clerk/Treasurer also serving as Secretary/Treasurer of the EDA. The Authority has no capital assets or debt. The Authority does not issue separate financial statements.

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) include the financial activities of the overall City government. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties for support.

In the government-wide statement of net position, both the governmental and business-type activities columns: (a) are presented on a consolidated basis by column; and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position is reported in three parts: (1) net investment in capital assets; (2) restricted net position; and (3) unrestricted net position. The City first utilizes restricted resources to finance qualifying activities.

The statement of activities demonstrates the degree to which the direct expenses of each function of the City's governmental activities and different business-type activities are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program

CITY OF VERGAS VERGAS, MINNESOTA

I. Summary of Significant Accounting Policies

B. Basic Financial Statements

1. Government-Wide Statements (Continued)

revenues include: (1) fees, charges, and other revenues paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or activity. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues and transfers.

2. Fund Financial Statements

The fund financial statements provide information about the City's funds. Separate statements for each fund category—governmental and proprietary—are presented. The emphasis of governmental and proprietary fund financial statements is on major individual governmental and enterprise funds, with each displayed as separate columns in the fund financial statements.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as property taxes, grants, donations, subsidies and investment earnings, result from nonexchange transactions or incidental activities.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for and reports all financial resources of the general government not accounted for in another fund.

The 2006 Street Project Debt Service Fund is used to account for and report the collection of special assessments restricted for debt service.

The 2019 Street Project Debt Service Fund is used to account for and report the collection of special assessments restricted for debt service.

Additionally, the City reports the Vergas Economic Development Authority Special Revenue Fund as a non-major fund.

The City reports the following major enterprise funds:

The Liquor Store Enterprise Fund is used to account for operations of the liquor store. Financing is provided through the liquor store's sale of off-sale liquor.

The Sewer Enterprise Fund is used to account for operations of the sewer utility. Financing is provided by charges to residents for services.

The Water Enterprise Fund is used to account for operations of the water utility. Financing is provided by charges to residents for services.

**CITY OF VERGAS
VERGAS, MINNESOTA**

I. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. The City considers tax revenues to be available if they are collected within 60 days after the end of the current period. Intergovernmental revenues, charges for services, and interest are all considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Proceeds of general long-term debt are reported as other financing sources.

As a general rule, the effect of internal activity has been eliminated from the government-wide financial statements.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

1. Cash and Cash Equivalents

The City has defined cash and cash equivalents to include cash on hand and demand deposits. Additionally, each fund's equity in the City's deposits is treated as a cash equivalent because the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

2. Deposits and Investments

The cash balances of the funds are invested by the City Clerk-Treasurer for the purpose of increasing earnings through investment activities. Pooled and fund investments are reported at their fair value at December 31, 2021, based on market prices. Investment earnings on cash and pooled investments are allocated to the funds with deposits. Total investment earnings for 2021 were \$1,660.

3. Receivables and Payables

Property taxes are levied as of January 1 on property values assessed as of the same date. The tax levy notice is mailed by Otter Tail County in March with the first half payment due on May 15 and the second half due on October 15.

Taxes and special assessments receivable consist of uncollected taxes and special assessments payable in the years 2011 through 2021 and noncurrent special assessments collectible in 2022 and beyond. Taxes receivable are offset by deferred inflows of resources for the amount not collected within 60 days of December 31 to indicate they are not available to finance current expenditures. No provision has been made for an estimated uncollectible amount.

**CITY OF VERGAS
VERGAS, MINNESOTA**

I. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

3. Receivables and Payables (Continued)

Accounts receivable consist primarily of charges for services for sewer and water.

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances from/to other funds” (i.e., the non-current portion of interfund loans).

All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

All receivables are shown net of an allowance for uncollectible amounts, if applicable.

4. Inventory

All inventories are valued at cost using the First-In, First-Out (FIFO) method. Inventories in the proprietary funds are recorded as expenses when consumed.

5. Capital Assets

Capital assets, which include land, construction in progress, infrastructure (e.g., sewers and water mains), buildings and improvements, and machinery and equipment, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years, except land which is capitalized regardless of cost. Capital assets are recorded at historical cost or estimated historical cost when purchased or constructed. Donated capital assets are recorded at acquisition value at the date of acquisition.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extended the life of the asset are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Infrastructure, buildings and improvements, and machinery and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Infrastructure	30-50
Buildings and improvements	20-30
Machinery and equipment	5-10

**CITY OF VERGAS
VERGAS, MINNESOTA**

I. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (Continued)

6. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This element represents a consumption of net position that applies to future periods, and therefore, will not be recognized as an outflow of resources (expense) until that time. The City reports deferred outflows of resources in the government-wide and proprietary funds Statement of Net Position in relation to the activity of the pension funds in which City employees participate.

In addition to liabilities, the Statement of Net Position and Balance Sheet report a separate section for deferred inflows of resources. This element represents an acquisition of net position or fund balance that applies to future periods, and therefore, will not be recognized as an inflow of resources (revenue) until that time. The City reports special assessments levied for subsequent years and delinquent property tax and special assessments receivable as deferred inflows of resources in the governmental funds, in accordance with the modified accrual basis of accounting. In addition, the City reports deferred inflows of resources in the government-wide and proprietary funds Statement of Net Position in relation to the activity of the pension funds in which City employees participate. Accordingly, such amounts are deferred and recognized as inflows of resources in the period that they become available.

7. Compensated Absences

The liability for compensated absences reported in financial statements consists of unpaid, accumulated annual vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. Compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Compensated absences are generally liquidated by the General Fund, and the Liquor, Sewer, and Water Enterprise Funds.

8. Long-Term Obligations

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental and business-type activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are immediately expensed. In the fund financial statements, governmental fund types recognize the face amount of the debt is reported as other financing sources when issued.

9. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this

**CITY OF VERGAS
VERGAS, MINNESOTA**

I. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity

9. Pensions (Continued)

purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For the governmental activities, the pension liability is liquidated by the General Fund. For the business type activities, the pension liability is liquidated by the Liquor, Sewer, and Water Enterprise Funds.

10. Net Position and Fund Balance

Net position in the government-wide statements is classified in the following categories:

Net investment in capital assets – represents capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

Restricted net position – the amount of net position for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – the amount of net position that does not meet the definition of restricted or net investment of capital assets.

In the fund financial statements, the City classifies governmental fund balances as follows:

Non-spendable – includes fund balance amounts that cannot be spent because it is either not in spendable form or legally or contractually required to be maintained intact. The City of Vergas has no non-spendable fund balance as of December 31, 2021.

Restricted – includes fund balance amounts that are constrained for specific purposes which are either externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Committed – includes fund balance amounts that are constrained for specific purposes imposed by resolution of the City Council and do not lapse at year-end. To remove the constraint on specified use of committed resources the City Council shall pass a resolution.

Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither restricted nor committed. The City Council has delegated the authority to assign and remove assignments of fund balance amounts for specified purposes to the City Clerk-Treasurer. The City of Vergas has no assigned fund balance as of December 31, 2021.

Unassigned – includes positive fund balance within the General Fund, which has not been classified within the above-mentioned categories, and negative fund balances in other governmental funds.

**CITY OF VERGAS
VERGAS, MINNESOTA**

I. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity

10. Net Position and Fund Balance (Continued)

The City will maintain an unrestricted fund balance in the General Fund of an amount not less than 35 to 50 percent of next year's budgeted expenditures of the General Fund. Unrestricted fund balance can be "spent down" if there is an anticipated budget shortfall. If spending unrestricted fund balance in designated circumstances has reduced unrestricted fund balance to a point below the minimum targeted level, as noted above, the replenishment will be funded by taxes.

Stabilization arrangements are defined as formally setting aside amounts for use in emergency situations or when revenue shortages or budgetary imbalances arise. The City Council will set aside amounts by resolution as deemed necessary that can only be expended when an emergency situation, revenue shortages, or budgetary imbalances exist as the need for stabilization arises. The need for stabilization will only be utilized for situations that are not expected to occur routinely. The City does not identify an amount for stabilization as of December 31, 2021.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned or unassigned resources are available for use, it is the City's policy to use resources in the following order: 1) committed, 2) assigned, and 3) unassigned.

11. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred outflows/inflows of resources, and disclosure of contingent amounts at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

II. Stewardship, Compliance, and Accountability

A. Sewer Enterprise Fund - Restatement of Beginning Net Position

During the year-ended December 31, 2021, it was determined that the amount of \$17,282 was incorrectly reported as an accounts payable as of December 31, 2020. This payment should have been an expense in 2021. This resulted in a restatement of beginning net position in the Sewer Enterprise Fund of \$17,282.

Restatement of Beginning Net Position

Sewer Enterprise Fund	
January 1, 2021, as previously reported	\$ 151,297
Prior period adjustment	<u>17,282</u>
Net position, January 1, 2021 as restated	<u><u>\$ 168,579</u></u>

**CITY OF VERGAS
VERGAS, MINNESOTA**

II. Stewardship, Compliance, and Accountability (Continued)

B. Tax Abatement Programs

On June 8, 2021, the City Council approved the Commercial Abatement Agreement between the City of Vergas and Mike and Joy Summers for 100 Railway Avenue to establish new plats for new businesses in the City of Vergas. The Tax Abatement Program operates under the Tax Abatement Authority in Minnesota Statute §§469.1812-1815 and provides for the abatement of property taxes for a period of up to five years or \$5,000. This Abatement Program is for the period from January 1, 2021 to December 31, 2025. On December 31, 2021 the City tax abatement balance paid to date was \$0.

On September 14, 2021, the City Council approved the Commercial Abatement Agreement between the City of Vergas and S & Z Properties (Jeff Zitzow and Tyler Schmid), for 105 Main Street to establish new plats for new businesses and rental housing in the City of Vergas. The Tax Abatement Program operates under the Tax Abatement Authority in Minnesota Statute §§469.1812-1815 and provides for the abatement of property taxes for a period of up to five years or \$45,000. This Abatement Program is for the period from January 1, 2021 to December 31, 2025. On December 31, 2021 the City tax abatement balance paid to date was \$0.

III. Detailed Notes on All Funds

A. Assets

1. Deposits and Investments

Reconciliations of the City's total deposits and investments to the basic financial statements, as of December 31, 2021, are as follows:

Government-wide Statement of Net Position	
<i>Governmental Activities</i>	
Cash and pooled investments	\$ 461,382
Investments	103,892
<i>Business-type Activities</i>	
Cash and pooled investments	93,631
Investments	<u>135,345</u>
Total Cash and Investments	<u><u>\$ 794,250</u></u>
Checking accounts	\$ 555,013
Savings accounts	165,168
Certificates of deposit	<u>74,069</u>
Total Deposits	<u><u>\$ 794,250</u></u>

Deposits

Minnesota Statutes, §§ 118A.02 and 118A.04 authorize the City to deposit its cash and to invest in certificates of deposit in financial institutions designated by the Board. Minnesota Statute, § 118A.03 requires that all City deposits be covered by insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit plus accrued interest at the close of the financial institution's banking day, not covered by insurance or bonds.

**CITY OF VERGAS
VERGAS, MINNESOTA**

III. Detailed Notes on All Funds

A. Assets

1. Deposits and Investments

Deposits (Continued)

Authorized collateral includes treasury bills, notes, and bonds; issues of U.S. government agencies; general obligations rated “A” or better, revenue obligations rated “AA” or better; irrevocable standard letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the City’s deposits may not be returned to it. It is the City’s policy to comply with Minnesota statutes in establishing authorized collateral for deposits. As of December 31, 2021, the City’s deposits were not exposed to custodial credit risk.

2. Receivables

Receivables as of December 31, 2021, for the City’s governmental and business-type activities, are as follows:

	<u>Total Receivables</u>	<u>Amounts Not Scheduled for Collection During the Subsequent Year</u>
Governmental Activities		
Taxes receivable	\$ 10,896	\$ -
Special assessments receivable	555,662	506,873
Accounts receivable	1,510	-
Due from other governments	45,735	-
	<u>\$ 613,803</u>	<u>\$ 506,873</u>
Business-Type Activities		
Special assessments receivable	\$ 15,992	\$ 15,836
Accounts	6,395	-
	<u>\$ 22,387</u>	<u>\$ 15,836</u>

B. Interfund Receivables, Payables, and Transfers (Continued)

Interfund Transfers

Interfund transfers for the year ended December 31, 2021, consisted of the following operating transfer:

Transfer to General Fund from Liquor Enterprise Fund	\$ 60,000	Appropriation
Transfer to Vergas EDA Special Revenue Fund from General Fund	<u>13,000</u>	Appropriation
Total Interfund Transfers:	<u><u>\$ 73,000</u></u>	

C. Liabilities

Compensated Absences

Under the City's personnel policies, employees are granted paid time off (PTO) in varying amounts based on their length of service. PTO accrual varies from 15 to 25 days per year with a maximum accrual limit of 25 days. Accrued PTO will be paid to employees leaving in good standing upon resignation or retirement.

Long-Term Debt

Governmental Activities

The City of Vergas General Obligation Improvement Refunding Bonds of 2015 represent debt incurred to refund General Obligation Improvement Bonds of 2006. These bonds have an original issue amount of \$299,000. They carry a net interest rate of 2.4158 percent and are due in annual installments from the 2006 Street Debt Service Fund of between \$25,000 and \$33,000 and mature in 2027. As a result of the refunding, the City realized an economic gain of \$32,189 with a present value of \$25,352. The balance due on December 31, 2021 is \$171,000.

The City of Vergas Capital Equipment Notes of 2017 represented debt incurred for the purchase of a loader. These notes had an original issue amount of \$140,500, carried an interest rate of 0 percent, were due in semi-annual installments paid from the General Fund of \$35,125 through June of 2021. The balance due of \$35,125 was paid in 2021 and no longer carries a balance.

The City of Vergas General Obligation Improvement Bonds, Series 2019A, represent debt incurred to finance various street improvement projects throughout the City. These bonds have an original issue amount of \$985,000, carry an interest rate of 3.2644 percent, and are due in semi-annual installments paid from the 2019 Street Project Debt Service Fund of \$40,000 to \$65,000 through February 1, 2040. The balance due on these bonds at December 31, 2021, is \$926,910, net of unamortized bond discount of \$18,090.

C. Liabilities

Long-Term Debt (Continued)

Business-Type Activities

The City of Vergas General Obligation Water and Sewer Revenue Refunding Bonds, Series 2009 represent debt incurred to refund General Obligation Water and Sewer Revenue Bonds of 1994 and General Obligation Sewer Revenue Bonds of 2000. These bonds have an original issue amount of \$475,000. They carry a net interest rate of 4.0857 percent and are due in annual installments from the Water and Sewer Funds of between \$16,000 and \$27,000 and mature in 2022. As a result of the refunding, the City realized an economic gain of \$83,630 with a present value of \$16,793. The balance due on December 31, 2021 is \$39,525, net of unamortized bond discount of \$475.

Debt Service Requirements

Debt service requirements for the governmental and the business-type activities at December 31, 2021, are as follows:

III. Detailed Notes on All Funds (Continued)

D. Deferred Inflows of Resources

Deferred inflows of resources consist of taxes and special assessments, not collected soon enough after year-end to pay liabilities of the current period. Deferred inflows of resources at December 31, 2021, are summarized below by fund:

	Taxes	Special Assessments	Total
Major governmental funds			
General	\$ 8,079	\$ -	\$ 8,079
Debt service funds			
2006 Street Improvements	505	39,631	40,136
2019 Street Improvements	1,317	515,513	516,830
Total	<u>\$ 9,901</u>	<u>\$ 555,144</u>	<u>\$ 565,045</u>

IV. Defined Benefit Pension Plan

A. Plan Description

The City of Vergas participates in the following cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Plan

All full-time and certain part-time employees of the City of Vergas are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

B. Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent for each of the first 10 years of service and 1.7 percent for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65.

**CITY OF VERGAS
VERGAS, MINNESOTA**

IV. Defined Benefit Pension Plan

B. Benefits Provided (Continued)

For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

C. Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2021, and the City of Vergas was required to contribute 7.50 percent for Coordinated Plan members. The City of Vergas's contributions to the General Employees Fund for the year ended December 31, 2021, were \$17,448. The City of Vergas's contributions were equal to the required contributions as set by state statute.

D. Pension Costs

At December 31, 2021, the City of Vergas reported a liability of \$132,384 for its proportionate share of the General Employees Fund's net pension liability. The City of Vergas's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City of Vergas totaled \$4,049.

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City of Vergas's proportionate share of the net pension liability was based on the City of Vergas's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2020 through June 30, 2021, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2021, the City of Vergas's proportionate share was .0031 percent at the end of the measurement period and .0029 percent for the beginning of the period.

**CITY OF VERGAS
VERGAS, MINNESOTA**

IV. Defined Benefit Pension Plan

D Pension Costs (Continued)

City of Vergas's proportionate share of the net pension liability	\$ 132,384
State of Minnesota's proportionate share of the net pension liability associated with the City of Vergas	<u>4,049</u>
Total	<u><u>\$ 136,433</u></u>

There were no provision changes during the measurement period.

For the year ended December 31, 2021, the City of Vergas's recognized pension expense of \$14,120 for its proportionate share of the General Employees Plan's pension expense. In addition, the City of Vergas recognized an additional \$327 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

At December 31, 2021, the City of Vergas reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual economic experience	\$ 682	\$ 4,022
Changes in actuarial assumptions	80,831	2,649
Net collective difference between projected and actual investment earnings	-	115,146
Changes in proportion	17,286	1,387
Contributions paid to PERA subsequent to the measurement date	<u>9,121</u>	<u>-</u>
Total	<u><u>\$ 107,920</u></u>	<u><u>\$ 123,204</u></u>

**CITY OF VERGAS
VERGAS, MINNESOTA**

IV. Defined Benefit Pension Plan

D. Pension Costs (Continued)

The \$9,121 reported as deferred outflows of resources related to pensions resulting from the City of Vergas's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2022. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31:	Pension Expense Amount:
2022	\$ 291
2023	\$ 4,901
2024	\$ 1,674
2025	\$ (31,271)

Total Pension Expense

The total pension expense for the General Employees Plan recognized by the City of Vergas for the year ended December 31, 2021 was \$14,447.

E. Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	33.5%	5.10%
International Equity	16.5%	5.30%
Fixed Income	25.0%	0.75%
Private Markets	25.0%	5.90%
Total:	100.0%	

F. Actuarial Methods and Assumptions

The total pension liability in the June 30, 2021, actuarial valuation was determined using an individual entry-age normal actuarial cost method. The long-term rate of return on pension plan investments used in the determination of the total liability is 6.5 percent. This assumption is based on a review of inflation and investments return assumptions from a number of national investment consulting firms. The review provided a range of return investment return rates deemed to be reasonable by the actuary. An investment return of 6.5 percent was deemed to be within that range of reasonableness for financial reporting purposes.

**CITY OF VERGAS
VERGAS, MINNESOTA**

IV. Defined Benefit Pension Plan

F. Actuarial Methods and Assumptions (Continued)

Inflation is assumed to be 2.25 percent for the General Employees Plan, and benefit increases after retirement are assumed to be 1.25 percent for the General Employees Plan.

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25 percent after one year of service to 3.0 percent after 29 years of service and 6.0 percent per year thereafter.

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. The table is adjusted slightly to fit PERA's experience.

Actuarial assumptions for the General Employees Plan are reviewed every four years. The most recent four-year experience study for the General Employees Plan was completed in 2019. The assumption changes were adopted by the Board and became effective with the July 1, 2020 actuarial valuation.

The following changes in actuarial assumptions and plan provisions occurred in 2021:

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

Changes in Plan Provisions

- There were no changes in plan provisions since the previous valuation.

G. Discount Rate

The discount rate used to measure the total pension liability in 2021 was 6.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

H. Pension Liability Sensitivity

The following presents the City of Vergas's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City of Vergas proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

**CITY OF VERGAS
VERGAS, MINNESOTA**

IV. Defined Benefit Pension Plan

H. Pension Liability Sensitivity (Continued)

Sensitivity Analysis			
<i>Net Pension Liability (Asset) at Different Discount Rates</i>			
General Employees Fund			
1% Lower	5.50%	\$	269,996
Current Discount Rate	6.50%	\$	132,384
1% Higher	7.50%	\$	19,465

I. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at www.mnpera.org.

V. Public Employees Defined Contribution Plan (Defined Contribution Plan)

Three employees of the City of Vergas are covered by the Defined Contribution Plan, a multiple-employer deferred compensation plan administered by PERA. The Defined Contribution Plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. Minnesota Statutes, Chapter 353D.03, specifies plan provisions, including the employee and employer contribution rates for those qualified personnel who elect to participate. An eligible elected official who decides to participate contributes five percent of salary which is matched by the elected official's employer. For ambulance service personnel, employer contributions are determined by the employer, and for salaried employees contributions must be a fixed percentage of salary. Employer contributions for volunteer personnel may be a unit value for each call or period of alert duty. Employees who are paid for their services may elect to make member contributions in an amount not to exceed the employer share. Employer and employee contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives two percent of employer contributions and twenty-five hundredths of one percent (0.25 percent) of the assets in each member's account annually.

Total contributions made by the City of Vergas during fiscal year 2021 were:

Contribution Amount		Percentage of Covered Payroll		Required
Employee	Employer	Employee	Employer	Rate
\$ 399	\$ 399	5%	5%	5%

**CITY OF VERGAS
VERGAS, MINNESOTA**

VI. Summary of Significant Contingencies and Other Items

A. Claims and Litigation

The City, in connection with the normal conduct of its affairs, may be involved in various claims, judgments, and litigation. The City Council estimates that the potential claims against the City not covered by insurance resulting from such litigation would not materially affect the financial statements of the City.

B. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage, or destruction of assets; errors or omissions; injuries to employees; employee health coverage; or natural disasters. The City has entered into a joint powers agreement with other Minnesota cities to form the League of Minnesota Cities Insurance Trust (LMCIT) to cover workers' compensation and property and casualty liabilities. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for each of the past three fiscal years.

The League of Minnesota Cities Insurance Trust is a public entity risk pool currently operated as a common risk management and insurance program for its members. The City pays an annual premium based on its annual payroll and an experience modification factor for workers' compensation coverage.

C. Conduit Debt

Pursuant to Minn. Stat. Sec. §462C, as amended (the "Housing Act"), and Minn. Stat. Sec. §471.656, as amended (the "Industrial Development Act"), the City issued revenue bonds to provide financial refinancing assistance to CDL Homes, Inc. a Minnesota nonprofit corporation which owns and operates nursing home and skilled care facilities in Minnesota. The bonds are secured by the property financed through a series of loan agreements and are payable solely from the revenues of CDL Homes, Inc. The City is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the financial statements. As of December 31, 2021, the balance due on these bonds is \$8,755,000.

CITY OF VERGAS VERGAS, MINNESOTA

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2021

I. Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at fiscal year-end.

In September of each year, the City Council drafts a preliminary budget after giving interested citizens a reasonable opportunity to be heard. The final budget is approved in December and a certified levy is sent to Otter Tail County. Truth in taxation requires that a final levy may not exceed a preliminary levy.

The appropriated budget is prepared by fund, function, and department. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the departmental level.

II. Excess of Expenditures Over Budget

The following departments had expenditures in excess of budget for the year ended December 31, 2021:

	<u>Expenditures</u>	<u>Budget</u>	<u>Excess</u>
General Fund			
General government			
Administration	\$ 15,725	\$ 12,678	\$ (3,047)
Professional services	15,488	2,900	(12,588)
Legal	8,729	7,500	(1,229)
Insurance	3,005	2,500	(505)
Other general government	22,940	-	(22,940)
Public safety			
Fire	15,264	-	(15,264)
Fire relief association	48,737	22,500	(26,237)
Sanitation			
Recycling center	13,867	11,515	(2,352)
Culture and recreation			
Parks	73,397	55,225	(18,172)
Community center	31,685	23,450	(8,235)
Trails	4,540	-	(4,540)
Debt service			
Principal retirement	35,125	-	(35,125)
Capital outlay			
General government	11,335	2,000	(9,335)

**CITY OF VERGAS
VERGAS, MINNESOTA**

III. Notes to Schedule of Changes in Net Pension Liabilities and Related Ratios

The information presented in the required supplementary schedules was used in the actuarial valuation for purposes of determining the actuarially determined contribution rates. Changes in actuarial assumptions are described in the Notes to the Financial Statements. The assumptions and methods used for this actuarial valuation were recommended by PERA and adopted by the City Council. The following changes were reflected in the valuation performed on behalf of PERA for the fiscal year June 30:

General Employees Fund

2021 Changes

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

Changes in Plan Provisions

- There were no changes in plan provisions since the previous valuation.

2020 Changes

Changes in Actuarial Assumptions

- The price inflation assumption was decreased from 2.50 percent to 2.25 percent.
- The payroll growth assumption was decreased from 3.25 percent to 3.00 percent.
- Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25 percent less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous for years 2-5 and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees were changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100 percent Joint & Survivor option changed from 35 percent to 45 percent. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15 percent to 30 percent. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

Changes in Plan Provisions

- Augmentation for current privatized members was reduced to 2.0 percent for the period July 1, 2020 through December 31, 2023 and 0.0 percent after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

**CITY OF VERGAS
VERGAS, MINNESOTA**

III. Notes to Schedule of Changes in Net Pension Liabilities and Related Ratios

General Employees Fund (Continued)

2019 Changes

Changes in Actuarial Assumptions

- The morality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions

- The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The State's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

2018 Changes

Changes in Actuarial Assumptions

- The morality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

Changes in Plan Provisions

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Postretirement benefit increases were changed from 1.00 percent per year with a provision to increase to 2.50 percent upon attainment of 90.00 percent funding ratio to 50.00 percent of the Social Security Cost of Living Adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017 Changes

Changes in Actuarial Assumptions

- The combined service annuity (CSA) loads were changed from 0.80 percent for active members and 60.00 percent for vested and non-vested deferred members. The revised CSA load are now 0.00 percent for active member liability, 15.00 percent for vested deferred member liability, and 3.00 percent for non-vested deferred member liability.
- The assumed postretirement benefit increase rate was changed for 1.00 percent per year for all years to 1.00 percent per year through 2044 and 2.50 percent per year thereafter.

Changes in Plan Provisions

- The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter.

**CITY OF VERGAS
VERGAS, MINNESOTA**

III. Notes to Schedule of Changes in Net Pension Liabilities and Related Ratios

General Employees Fund

2017 Changes

Changes in Plan Provisions (Continued)

- The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The state's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

2016 Changes

Changes in Actuarial Assumptions

- The assumed postretirement benefit increase rate was changed from 1.00 percent per year through 2035 and 2.50 percent per year thereafter to 1.00 percent per year for all years.
- The assumed investment return was changed from 7.90 percent to 7.50 percent. The single discount rate changed from 7.90 percent to 7.50 percent.
- Other assumptions were changed pursuant to the experience study June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

Changes in Plan Provisions

- There have been no changes since the prior valuation.

2015 Changes

Changes in Actuarial Assumptions

- The assumed postretirement benefit increase rate was changed from 1.00 percent per year through 2030 and 2.50 percent per year thereafter to 1.00 percent per year through 2035 and 2.50 percent per year thereafter.

Changes in Plan Provisions

- On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increase the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised; the State's contribution of \$6.0 million, which meets the special funding situation definition, was due September 2015.

**INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

City Council
City of Vergas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the City of Vergas as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City of Vergas's basic financial statements, and have issued our report thereon dated June 22, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Vergas's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose expressing an opinion on the effectiveness of the City of Vergas's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Vergas's internal control over financial reporting.

A *deficiency* in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant

deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We identified certain deficiencies in internal control over financial reporting, described in the accompanying Schedule of Findings and Responses as items 2021-001 and 2021-002 that we consider to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Vergas's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

The *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minnesota Statute, § 6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except we did not test for compliance with the provisions for tax increment financing because the City of Vergas has no tax increment financing districts.

In connection with our audit, nothing came to our attention that caused us to believe that the City failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Cities*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above referenced provisions.

City of Vergas's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City of Vergas's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Responses. The City of Vergas's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Cities*, and the results of that testing, and not to provide an opinion on the effectiveness of the City of Vergas's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

Hoffman, Philipp, & Martell, PLLC
June 22, 2022

**CITY OF VERGAS
VERGAS, MINNESOTA**

**SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED DECEMBER 31, 2021**

**I. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEMS NOT RESOLVED

Finding Number: 2021-001

Prior Year Finding Number(s): 2020-001 and 2020-002

Repeat Finding Since: 2006 and 2007

Finding Title: Segregation of Duties and Internal Controls

Criteria: The financial statements are the responsibility of the City's management. Internal control over financial reporting is a process designed to provide reliable assurance about the achievement of the City's objectives with regard to reliability of financial reporting and compliance with applicable laws and regulations. These controls must include a process for monitoring controls to ensure effectiveness and efficiency of operations.

Condition: Internal controls over financial reporting and the safeguarding of assets against unauthorized acquisition, use, or disposition include controls related to financial reporting and operational objectives. The City does not have a process for monitoring to ensure the internal controls are effective. Due to the limited number of personnel within the City of Vergas, segregation of the accounting functions necessary to ensure adequate internal control and monitoring is not possible.

Context: The small size and staffing of the City of Vergas limits the segregation of duties and internal control that management can design and implement. Although the City of has some controls in spite of limited staff, they do not have a documented process for monitoring those controls.

Effect: Without documented internal controls and a process for monitoring internal controls, the City cannot provide assurance about the reliability of financial reporting or the effectiveness and efficiency of operations. Errors or irregularities may occur and not be detected in a timely manner.

Cause: The City has never formalized its policies and procedures for internal controls and monitoring of those controls into a written comprehensive document.

Recommendation: Management should continually be aware of the lack of reliability of internal controls due to limited segregation of duties. We recommend the City of Vergas formalize written documentation of their internal controls and the monitoring process to ensure the reliability of financial reporting and compliance with applicable laws and regulations, and the effectiveness and efficiency of operations.

City's Response: *The small size of the City limits the number of personnel available to perform separate duties, however, the City Council is aware of this situation and provides oversight and review. The City does have some written policies and continues to work on improving internal controls over financial reporting and compliance and the documentation of those controls.*

Note: The following prior year findings have been combined into finding number 2021-001: Segregation of Duties and Internal Controls:

- Finding Number: 2020-001 Segregation of Duties
- Finding Number: 2020-002 Internal Controls

**CITY OF VERGAS
VERGAS, MINNESOTA**

Finding Number: 2021-002

Prior Year Finding Number: 2020-003

Repeat Finding Since: 2015

Finding Title: Accounting and Financial Reporting for Pensions

Criteria: The Governmental Accounting Standards Board (GASB) issued Statement No. 68, *Accounting and Financial Reporting for Pensions*, which provides accounting and reporting standards for pensions offered to retirees. GASB 68 was first applicable to the City of Vergas for the year ended December 31, 2015.

Condition: GASB Statement 68 has not yet been fully implemented by the City of Vergas as required. The City has reported net pension liability for City employees, but this does not include members of the Fire Relief Association. The City Fire Relief Association has not undergone an actuarial study to determine its net pension liability (asset).

Context: The City should encourage the Fire Relief Association to obtain an actuarial study to determine its net pension liability (asset) for its inclusion in the City's financial statements.

Effect: Because the City of Vergas has not fully complied with the requirements of GASB Statement 68, a qualified opinion is issued on the governmental activities of the City of Vergas.

Cause: The Fire Relief Association has not hired an actuary to determine its net pension liability (asset) to meet the requirements for financial reporting under GASB Statement 68.

Recommendation: We recommend the City Council encourage the Fire Relief Association to obtain an actuarial study to determine its net pension liability (asset) for inclusion in the City's financial statements.

City's Response: *The City will encourage the Fire Relief Association to obtain an actuarial study to determine its net pension liability (asset) to stay in compliance with GASB Statement 68 for pensions offered to its retirees.*

CORRECTIVE ACTION PLAN FOR THE YEAR ENDED DECEMBER 31, 2021

Finding Number: 2021-001

Finding Title: Segregation of Duties and Internal Controls

Name of Contact Person Responsible for Corrective Action: City Council and management.

Corrective Action Planned: The City of Vergas is aware of the segregation of duties and the internal control over financial reporting issue. Due to limited staffing, segregation of duties is not always possible. Management will implement oversight procedures where and whenever possible.

Anticipated Completion Date: December 31, 2022. *The small size of the City limits the number of personnel available to perform separate duties, however, the City Council is aware of this situation and provides oversight and review. The City does have some written policies and continues to work on improving internal controls over financial reporting and compliance and the documentation of those controls.*

Finding Number: 2021-002

Finding Title: Accounting and Financial Reporting for Pensions

Name of Contact Person Responsible for Corrective Action: City Council and management

Corrective Action Planned: The City will encourage the Fire Relief Association to obtain an actuarial study to determine its net pension liability (asset) to stay in compliance with GASB Statement 68 for pensions offered to its retirees.

Anticipated Completion Date: December 31, 2022.

SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2021

Finding Number: 2020-001
Repeat Finding Since: 2006
Finding Title: Segregation of Duties

Summary of Condition: Due to the limited number of personnel within the City, segregation of the accounting functions necessary to ensure adequate internal accounting control is not possible.

Summary of Corrective Action: Management is continually aware that segregation of duties is not adequate from an internal control point of view. The City Council continues to implement oversight procedures and monitor those procedures to determine if they are still effective.

Status: Not fully corrected. This prior audit finding number and description has been combined into finding number 2021-001 – Segregation of Duties and Internal Controls.

Finding Number: 2020-002
Repeat Finding Since: 2007
Finding Title: Internal Controls

Summary of Condition: Internal controls over financial reporting and the safeguarding of assets against unauthorized acquisition, use, or disposition include controls related to financial reporting and operational objectives. The City does not have a process for monitoring to ensure the internal controls are effective.

Summary of Corrective Action: The City has begun to formalize written documentation of their internal controls and the monitoring process to ensure the reliability of financial reporting and the effectiveness and efficiency of operations.

Status: Not fully corrected. This prior audit finding number and description has been combined into finding number 2021-001 – Segregation of Duties and Internal Controls.

Finding Number: 2020-003
Repeat Finding Since: 2015
Finding Title: Accounting and Financial Reporting for Pensions

Summary of Condition: The Governmental Accounting Standards Board (GASB) issued Statement No. 68, *Accounting and Financial Reporting for Pensions*, which provides accounting and reporting standards for pensions offered to retirees. GASB 68 was first applicable to the City of Vergas for the year ended December 31, 2015.

GASB Statement 68 has not yet been fully implemented by the City of Vegas as required. The City Fire Relief Association has not undergone an actuarial study to determine its net pension liability (asset).

Summary of Corrective Action: The City has encouraged the Fire Relief Association to obtain an actuarial study to determine its net pension liability (assets) for its inclusion in the City's financial statements.

Status: Not fully corrected.
