ELEVATIONS

Figure 1: A schematic diagram of a vertical column with a central vertical axis. The axis is labeled "Vertical Axis" at the top. To the left of the axis, the text "Masses of 100" is written. To the right of the axis, the text "Masses of 100" is written. The axis is divided into segments by horizontal lines, with labels "100", "100", "100", "100", "100", "100", "100", "100", "100", "100" along the axis. The top of the column is labeled "Top" and the bottom is labeled "Bottom".

Figure 1 shows a 2D hexagonal lattice. The lattice is composed of hexagons arranged in a honeycomb pattern. A central hexagon is highlighted with a thick border. The lattice is divided into four quadrants by a vertical and a horizontal line passing through the center. The top-left quadrant is labeled 'a', the top-right 'b', the bottom-left 'c', and the bottom-right 'd'. The central hexagon is labeled 'e'. The lattice is labeled 'f' at the bottom right.
