

## Engineering Update – March 2026

Blaine Green, PE

As to be expected in the winter months, not much has changed on this list. Looking forward to warmer weather!

## Ongoing Items:

- Parking lot:
  - Punchlist items (concrete walk) to be completed in spring
    - Completed Certificate of Survey for Bruhn Property
  - Project closeout to follow
- Keilley Shores development
  - Waiting on coordination from developer's engineer
- Lead Service Lines
  - Staff is sending me the last handful of services, and I've been entering them into the City GIS website.
- LRIP Grant
  - March 30<sup>th</sup> is typically when they announce awards

## Upcoming Items:

- Gravel Pit permitting
  - Flight scheduled for April
  - Report to follow

## On the radar:

- Project Priority List & Intended Use Plans (utilities)
  - Discuss at upcoming utility committee meeting
  - Identify system needs with staff
  - Develop a preliminary engineering report (PER)
- Street projects
  - Work with staff to identify needs

If you have any questions, you can give me a call at 320-335-5057, or email me at [blaine.green@widseth.com](mailto:blaine.green@widseth.com)

Thank you!
