The National League of Cities Service Line Warranty Program

Thank you all for your survey responses. As a result, the Vergas City Council has chosen to use the **National League of Cities (NLC) Service Line Warranty of America program (SLWA)** as the city's preferred water and/or sewer line insurance provider. This is an **OPTIONAL** program, and you will be receiving information from SLWA soon.

“SLWA is a private company that provides optional water and/or sewer service line warranties to homeowners. SLWA is proud to have been selected by the NLC as an Enterprise Programs Partner. The NLC, representing over 218 million Americans, is the nation's oldest and largest organization devoted to strengthening and promoting cities as centers of opportunity, leadership and governance. After almost a decade in business, SLWA has an A+ rating with the Better Business Bureau.

This program is offered at no cost to the City, and no public funds are used to promote or operate the program. Importantly, SLWA is solely responsible for the administration and service of the warranty program.”

If you would like to find out more information about this program, please visit SLWA's website at www.SLWofA.com or call them directly at 1-866-922-9006.
